A complimentary forum hosted by Buck Consultants

Please join Buck Consultants and select Fortune 1000 organizations in the Philadelphia area for our third Wellness Forum. We have invited Celina Burns, a Principal in Buck's Health and Productivity Practice to lead our discussion. Celina will discuss how the health care marketplace is changing for payers and providers and how that will affect an organization's efforts to manage costs. As a way to enhance their efforts to create a culture of health, she will share how companies are using direct contracting with providers and utilizing smaller networks to deliver improved outcomes. She will also discuss greater transparency around quality and price data for organizations and their employees to make informed decisions. The Forum will be held on Wednesday, February 29 from 8:00 a.m. to 10:00 a.m. Join us for breakfast.

The size of this forum is limited to facilitate an interactive environment. Time will be provided for participants to share their experiences in creating and sustaining a culture of health.
